New York suffered comparatively little. The wind and rain and thunder and lightning were terrific, but little actual damage was done. Nineteen coal barges went adrift in the bay and tonight their wreckage strews the shore from the Battery to the Narrows, but no lives were lost. Several small vessels also went ashore on various parts of the coast near New York. One fatality was reported in this city, when a piece of cast iron fire escape was blown from a building and struck Carl Hertznock, killing him instantly. A fishing steamboat, the Joseph Church of Greenport, N. Y., struck on Peak's Hill bar today and was smashed to pieces. The captain and crew of twenty-one men were saved.

From Wilmington, Del., tonight was caused by the storm. Trees were uprooted, houses flooded and crops

HAVOC AT BALTIMORE.

Wharves Badly Damaged and Many Small Vessels Wrecked.

Baltimore, Sept. 15.—Reports from points down the Chesapeake bay indicate that last night's storm was unprecedented in its fury and long continuance. For nearly ten hours last night and early this morning the bay was swept by a rain and wind storm that for a time raged more fiercely than any other storm in the memory of the oldest Chesapeake mariner. The storm was evidently more severe further down the bay than at its head.

reaching this city safely after several hours' delay.

On the lower Sugquehanna a schooner and yacht were blown ashore, a tug sunk and in the bay a dozen barges and smaller craft were driven ashore. In this city today one man, William Norton, was instantly killed by coming in contact with a live wire blown down by the storm.

Dispatches from western Maryland report serious damage to growing crops and fruits. Many fields were beaten down by the wind and rain. The rainfall during the prevalence of the storm for seventeen

UNPRECEDENTED RAINFALL. Storm Raged For Eleven Hours at Philadelphia.

Philadelphia, Sept. 15.—During a rain and windstorm in this vicinity, of eleven hours' duration, the rainfall was 5.54 inches, the heaviest ever registered at the local weather bureau. Streets in all sections of the city were flooded and the cellars of business houses and dwellings inundated. Trees in the city parks were many instances unrooted.

Schooner Wrecked.

Oyster Bay, Sept. 15.—A big lumber-laden schooner, bound for New York, was wrecked near Center island last night. The crew of four men were at dawn clinging to the wreek. They were taken off by W. J. Matheson, rear commodore of the Seawanhaka-Corinthian Yacht club, in a launch.

The Spendthrift, a sloop yacht, was driven ashore on the Meadows in Oyster Bay. The owner and his wife and daughter, who were on board, were rescued with difficulty.

Gale at Boston.

Boston, Sept. 15.—Much damage was done to the fruit trees in southern New England by the storm last night and today. At Newport, R. I., the wind reached a velocity of eighty miles an hour. Wires were prostrated. Fifteen small boats were driven ashore or damaged. The flagship Minneapolis and the Columbia and Prairie of the North Atlantic training squadron caught the full force of the gale and were obliged to let go all anchors. The war vessels were not damaged.

Total. The members of the Brotherhood of Railway Trainmen are now taking of set with the strike proposition and the result will be amounced next Monday. It is understood that the Pennsylvanie will not accept the new wage schedule.
